RE: Florida Information Memorandum OIR-07-08M

The State of Florida Office of Insurance Regulation has requested insurers notify Florida agents that the National Foundation of America (NFOA) has been issued an order to immediately cease their activities in Florida.

NFOA is an unauthorized entity that marketed an annuity product to Florida consumers by persuading them to surrender, replace or use their existing annuities or cash value of life insurance policies to buy a NFOA policy. Please read the Florida memo for additional information, which may be viewed under "Forms" on the [Advisories and Regulatory Training](#) page.

If you have questions regarding this action, please contact Karla Pius, Florida Office of Insurance Regulation, at (850) 413-5648.

Sincerely,

Michael Murphy
