Group Variable Annuity Investment Options

Overview

Document Summary

This document includes important information that may help you compare the different investment options (if available) under your retirement plan. For additional information about your investment options, visit the Internet Web site address shown in the Tables below, contact your Plan Administrator or Trustee or call us at 1-800-796-3872 as representatives are available Monday through Friday from 6:00 AM to 4:30 PM Pacific Time to assist you. You can also receive a free paper copy of the information available on the Web site or additional information about your annuity product, by contacting your Plan Administrator or Trustee or call us at 1-800-796-3872.

This document has 3 parts. Part I has a telephone number where you can call for your fixed interest rates. Part II shows you the fees and expenses. Part III contains information about the annuity options available in the product under your retirement plan.

Please visit www.symetra.com/IndividualsFamilies/Products/glossary/ for a glossary of investment terms relevant to the investment options under this plan. This glossary is intended to help you better understand your options.

Part 1: Performance Information

Table 1

Table 1 focuses on the performance of investment options that do not have a fixed or stated rate of return. Table 1 shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available by going to https://www.symetra.com/IndividualsFamilies/Products/Annuities/ and selecting Group Variable Annuity from the first drop-down box and Performance and Portfolios from the second drop-down box. To provide investment instructions, please contact us at 1-800-796-3872. You can transfer money among the investment options 12 times per certificate year free of a transfer charge. The transfer charge is currently waived. The minimum amount you can transfer out of an investment option is $500, or the entire value of the investment option if less. In addition, transfers out of the Fixed Account are limited to 10% of the Fixed Account value per certificate year.

You have the right to exercise voting, tender and similar rights related to the variable investments offered under your retirement plan. You will receive information regarding such rights and how to exercise them at the time of a vote, tender or other event.

Table 2

Table 2 focuses on the performance of investment options that have a fixed or stated rate of return. Table 2 shows the annual rate of return of each such option, the term or length of time that you will earn this rate of return, and other information relevant to performance.

Part 2: Fee and Expense Information

Table 3

Table 3 shows fee and expense information for the investment options listed in Table 1 and Table 2. Table 3 shows the Total Annual Operating Expenses of the options in Table 1. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option. Table 3 also shows Shareholder-type Fees. These fees are in addition to Total Annual Operating Expenses.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at http://www.dol.gov/ebsa/publications/401k employee.html. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

Part 3: Annuity Information

Table 4

Table 4 focuses on the annuity options under your plan. Annuities are insurance contracts that allow you to receive a guaranteed stream of payments at some future date, usually when you retire. The annuity in your plan is a deferred annuity meaning that you accumulate an account balance that can later be converted (at your choice) into an income stream. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

Table 2: Fixed Return Investments

Investment Option	Type of Option	Return+	Term	Other
Fixed Account	Fixed	Current Rate: 1.50%	6 months	For current interest rates, please call 1-800-796-3872 or go to https://www.symetra.com/IndividualsFamilies/Products/RetirementPlans. Representatives are available Monday through Friday from 6:00 AM to 4:30 PM Pacific Time. In addition, you may reference your most recent quarterly participant statement for the guaranteed minimum interest rate (GMIR) and the specific interest rate credited to your account.
		Guaranteed Rate: 1.50%*		

Symetra® Life Insurance Company reserves the right to adjust the interest rate prospectively once the Term stated above is over. Adjusted rates will apply for at least 6 months, when the rate can be adjusted again.
*If your Contract's Guaranteed Minimum Interest Rate (GMIR) is higher than the Guaranteed Rate shown in this table, your Guaranteed Rate will be equal to your Contract's GMIR.
+Rates as of 6/30/2018

Symetra® Life Insurance Company is a registered service mark of Symetra Life Insurance Company.

Group Variable Annuity Investment Options

Table 3: Fees and Expenses

Investment Option	Type of Option	Total Annual Operating Expense (%)	Total Annual Operating Expense Per $1000	Shareholder-type Fees

These charges are based on each Participant's balance invested in the product, and paid directly by each Participant.

Annual Administrative Maintenance Fee: $30 each calendar year not to exceed $35 (currently waived).

Withdrawal Charge: $25 for each withdrawal after the first in a certificate year (currently waived).

Transfer Charge: $10 for any transfer after the first 12 transfers in a calendar year (currently waived).

Asset Charge: The charge is 1.40% of the daily net asset value of the accumulation unit for each "Portfolio" under the contract on an annual basis. The charge may be reimbursed in part to participant accounts. Contact your sales agent or us for details. (This charge does not apply to investments in the Fixed account.) In some contracts, the Asset Charge is comprised of a Mortality and Expense Risk charge equal on an annual basis to 1.25% of the daily net asset value of the sub-account and the Asset Related Administration Charge equal on an annual basis to .15% of the average daily net asset value of the Separate Account. Check your Contract for details.

Market Value Adjustment (MVA): equal to net investment loss. The adjustment applies to Transfers and Withdrawals in excess of 10% of the Contract holder's and participant's Fixed Account value per Certificate Year, when the current interest rate (credited to new Purchase Payments) is more than the interest rate being credited to the funds transferred or withdrawn. There is no market value adjustment for participant-initiated events such as termination of employment, in-service distributions, loans, financial hardship, disability or death. For a complete list of participant-initiated events, please see your contract. (The MVA applies only to investments in the Symetra Fixed Account.)

Contingent Deferred Sales Charge (CDSC): The charge is a declining percentage over a specified period of years of the amount withdrawn from the participant's accumulation account or Contract holder's accumulation account. This charge may vary or may not be applicable to your Contract. See your Contract for details. Notwithstanding whether your Contract was sold with a CDSC schedule, your Plan and participants have no further CDSC charges for withdrawals because your Contract's anniversary is past the last Contract year in which Symetra Life would charge a CDSC under the terms of your Contract.

Please reference your quarterly participant statement for an explanation of fees specifically charged to your account.

Group Variable Annuity Investment Options

Table 4: Annuity Options

Investment Option	Objectives/ Goals	Pricing Factors	Restrictions/ Fees
Group Variable Annuity https://www.symetra.com/ IndividualsFamilies/Products/RetirementPlans	To provide a guaranteed stream of income for a period of time based on your participant account value. This option is available through a variable annuity contract your employer has with Symetra Life Insurance Company. You do not need to exercise this option and can receive a distribution equal to your participant account value.	You have the right to elect annuity payments in the form of a life annuity, life annuity with monthly payments guaranteed, and joint and survivor life annuity. You can choose to have fixed or variable payments, or both. The payment amount will be based on many factors including the guarantees, if any, under the annuity option you choose, the frequency of annuity payments, the investment performance, if you choose variable annuity payments, and the annuitant's age at the time you elect to annuitize your contract. There is no additional cost to begin receiving annuity payments under the contract. Table 3 lists the Total Annual Operating expenses of the investment options as well as the charges paid directly by each participant. In addition, there is no additional cost for the death benefit available under the contract your employer has with us and payable to your named beneficiary. This benefit is generally the return of all deposits less subsequent withdrawals. Your death benefit does not continue after you have elected an annuity payment option.	If the amount applied to an annuity option is less than $5000 we may pay you in a lump sum cash distribution where permitted by state law. If annuity payments are less than $250, we may decrease the frequency so that each payment is at least $250. Once you begin receiving annuity payments, the option you chose cannot be stopped or changed. The Annual Administration Maintenance Charge continues to be deducted annually once you begin receiving annuity payments (currently waived). Employees should consult with their Plan Sponsor prior to electing an annuity option.
